*As the deer pants for
 streams of water, so my soul pants
 for you, O God.
 My soul thirsts for God,
 for the living God.*

Psalms 42:1,2 (NIV)

Greetings in the wonderful name of Jesus!!

It's been a "hot" week here at the Life Campus...of course, it's been "hot" all around the area. Aren't you thankful for Air Conditioning? I'm sure I'd get used to the heat without A/C, but how wonderful not to "have to". If your life gets too "hot" you can always come to the church campus to get "cooled down". Thank God for a "cool" church!!

About seven of us got together to work out the fine details of finishing the Parking Lot Project. We all felt sure that it won't be long now. It's just so nice to have a smooth surface to drive on. **Our patience will pay off!!**

Today will be the deciding day for the personnel on the **Honduras Trip** in September, the **Israel Trip** in November, the **Membership Class** next Saturday, and the **Baptismal Service** next Sunday. If you intend to be involved in any of these events, you need to sign up at the back of the Sanctuary today.

Next Saturday will be a very busy day here at the **Life campus**. **Prime-timers** will be here along with the "3on3" **Basketball Tourney** and The **Membership Class**. What a great day of learning, fellowship and fun. I hope you can make it for at least one of these events.

Brother Franco is busy getting ready for the new **Evangel Christian School** year. There are many things that have to be done before school begins. I encourage you to pray for the ECS administration as they prepare for this new year. You wouldn't believe the volume of details that need to be addressed before the kids get here. **They do such an excellent job!!**

Today, when we get into the Word, we're going to get serious with **Prayer**. May God help us with our "God Time" as we go through the days of our lives. You are called and trusted with the eternal future of so many people in our world. May God help us discern what is of real **VALUE**.

Special Blessings,
 Pastor Paul
